Agency**

The Scale of Reliability

800+

Global Service Nodes seamlessly connected across continents.

150,000+

TEUs (Twenty-Foot Equivalent Units) of annual operational volume.

5,000+

Global clients actively utilizing our supply chain infrastructure.

300+

Dedicated, specialized logistics professionals driving daily operations.

Sustained stability and specialized execution across multiple industry sectors

An Integrated Supply Chain Ecosystem

Global Freight Forwarding Architecture

Building a high-efficiency, highly reliable supply chain network that spans across all primary transport modes.

Ocean Freight

High-volume, cost-effective global transit.

Air Freight

Time-critical, rapid deployment solutions.

Rail Freight

Strategic overland continental connections.

Multimodal Transport

Integrated routing to optimize speed and expenditure.

Ground Infrastructure: Precision & Flexibility

■ Robust Fleet Management

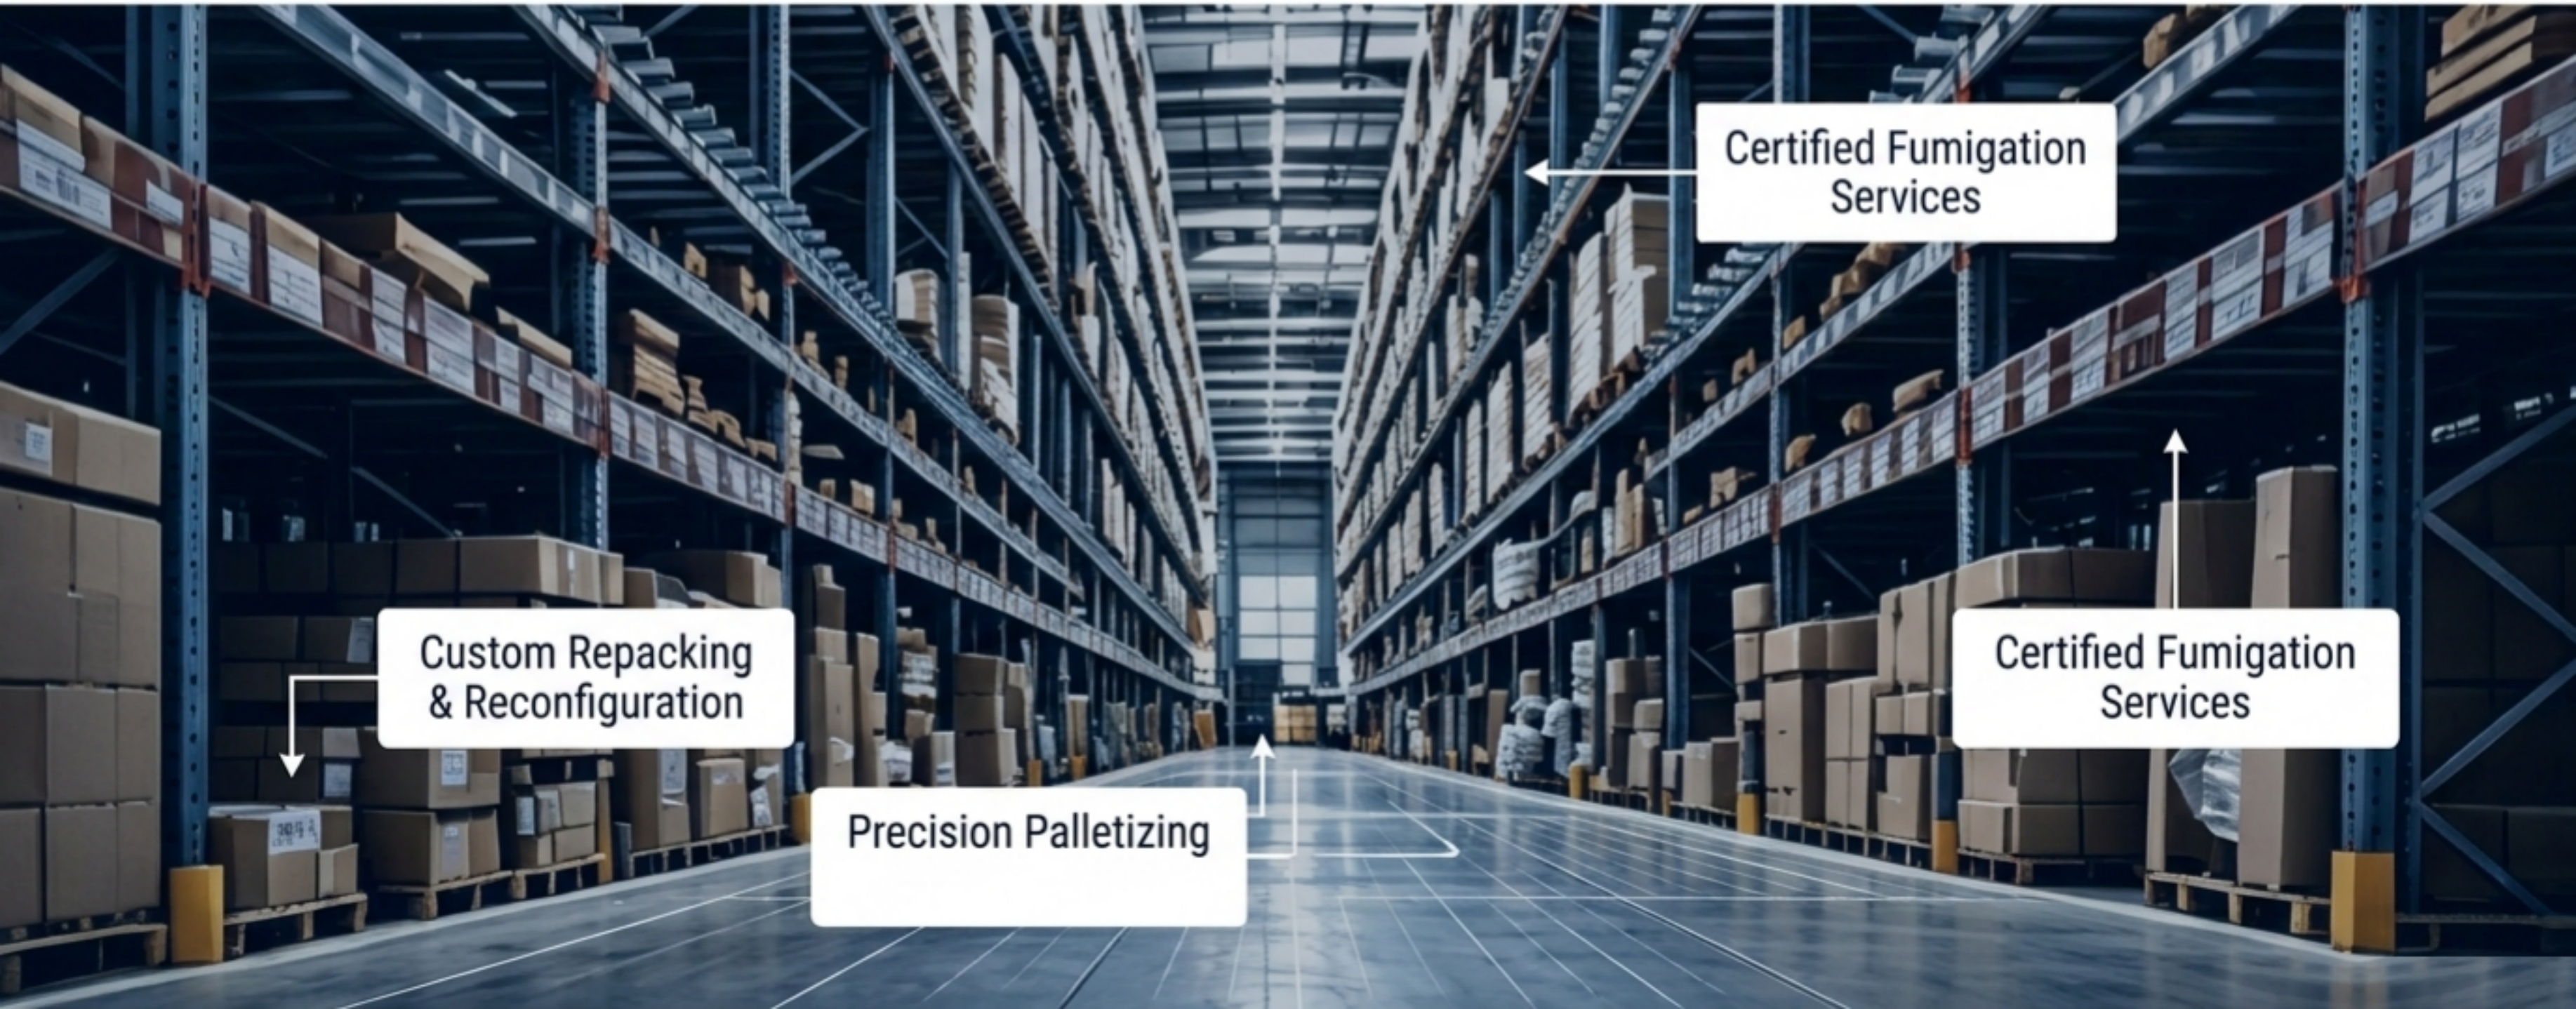

Leveraging a powerful, dedicated trucking fleet to deliver punctual, reliable, and highly efficient transport solutions tailored to distinct industry requirements.

■ Unrestricted Door-to-Door Delivery

Flexible scheduling capabilities designed around client needs—including night, weekend, and holiday operations—ensuring rapid and dependable cargo movement domestically and across borders.

Advanced Warehousing & Inventory Management

Providing comprehensive storage solutions engineered to help clients highly optimize their inventory management for both short-term staging and long-term holding.

Seamless Import & Export Agency

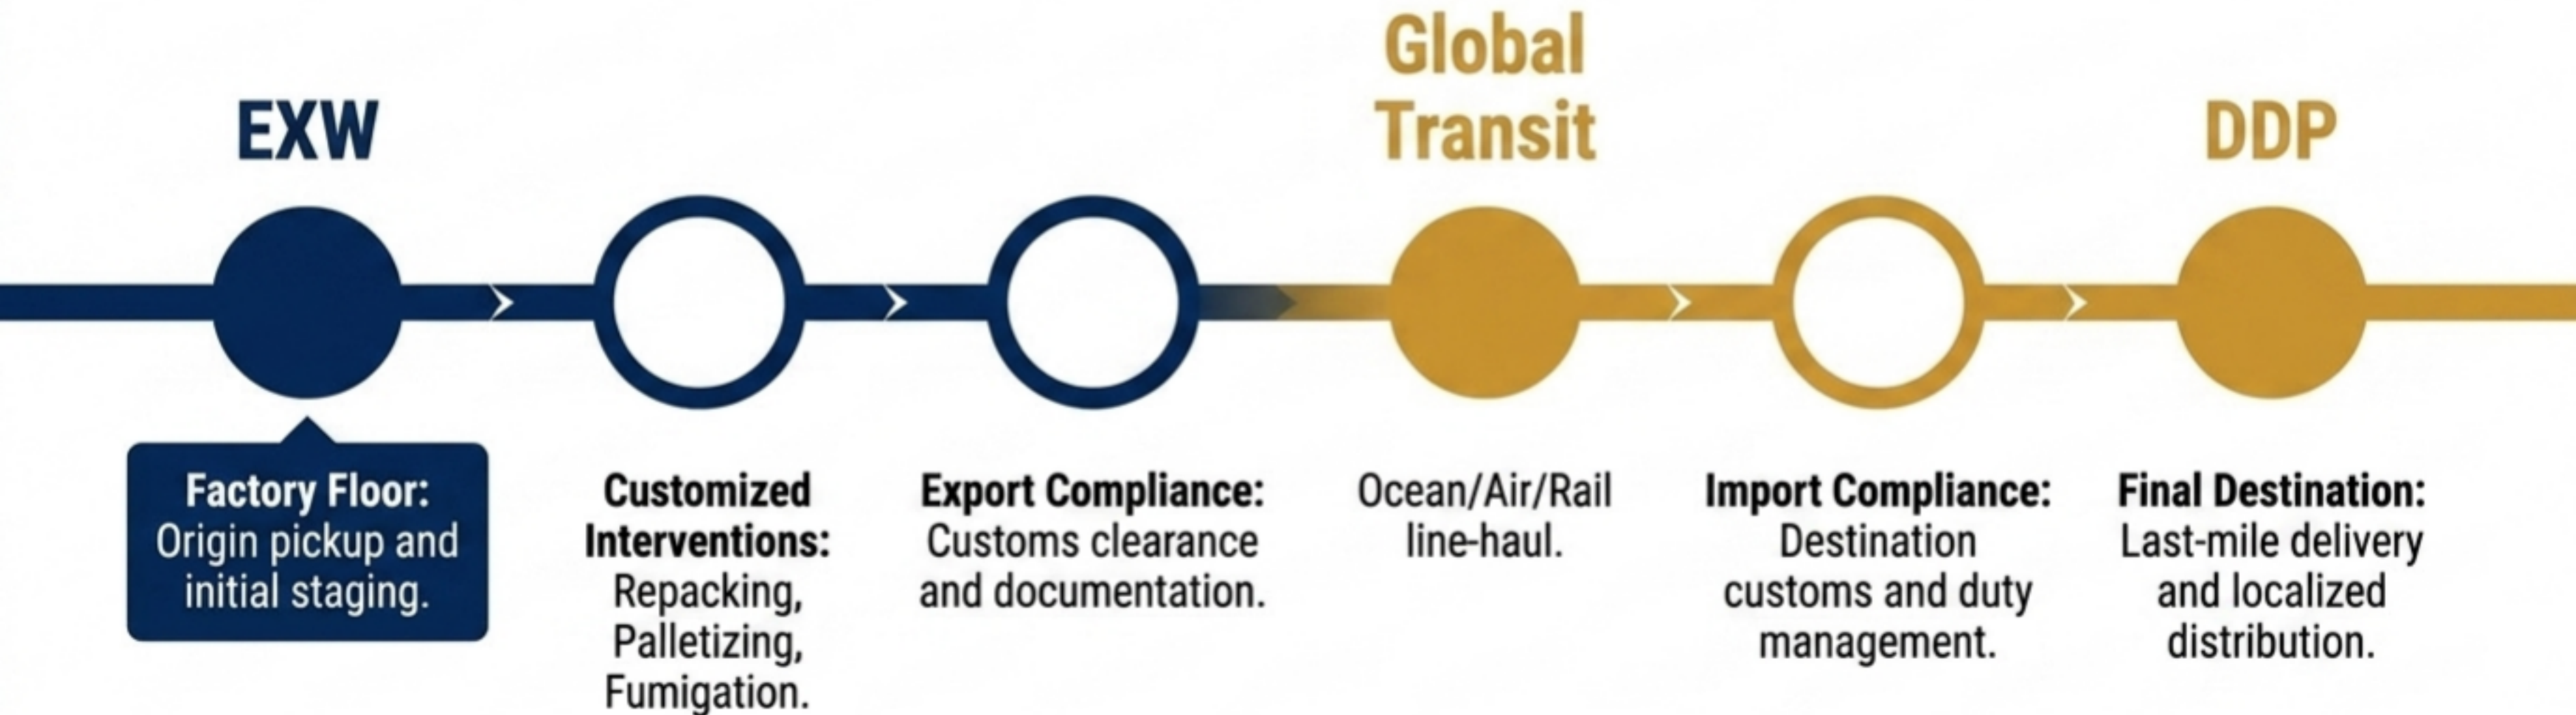

Entrust International Trade Co., Ltd.

Drawing upon extensive international trade experience, we provide clients with customized, 360-degree agency solutions. Our mandate is to ruthlessly simplify the complexities of global commerce, ensuring your operations remain highly efficient, compliant, and deeply reliable.

End-to-End Supply Chain Sovereignty

True logistics partnership means complete visibility and control. We provide seamless Door-to-Door DDP (Delivered Duty Paid) and Import Door-to-Door EXW (Ex Works) services.

Value-Added Precision: Compliance & Preparation

International Customs Support

Professional support for complex international trade, including meticulous document processing, customs declaration, and strict adherence to shifting international regulations.

Custom Preparation

From engineered custom packaging to precise, compliant labeling. We ensure every unit strictly conforms to the specific regulatory and commercial requirements of the destination market.

THE HUMAN CATALYST

“EVERY ENTRUST EMPLOYEE IS
PART OF A GREATER MISSION
— JOINING HANDS TO DRIVE
GLOBAL CONNECTIVITY.”

We are backed by a highly experienced, deeply focused team committed to simplifying your supply chain workflows and reducing your operational overhead. Our unwavering commitment to high-quality service makes us the trusted partner for enterprises demanding optimized logistics.

Entrust Your Global Operations

Flexibility
